Who We Are

For over 160 years, Children's Village of Ottawa-Carleton has been an integral part of our community, supporting children, families, and caregivers through generations of change. Founded in 1864 as a home for orphaned and vulnerable children, we've evolved into a leader in high-quality, inclusive early learning and care. Throughout every chapter, one principle has remained constant: creating environments that feel like **"the next best thing to home."** Today, as one of Ottawa's longest-standing charities, we serve families through a network of licensed childcare centres, home childcare programs, and community-based services that reach children from infancy through school age.

If you're looking to build your career in a place where your work means care and carries meaning today and for generations to come, you'll find it here.
